Education

**University of Mumbai,
V.E.S. College of Art's, science and commerce**
Mumbai, Maharashtra

BSc. Information Technology
May 2021   8.53 CGPI

HSC
May 2018   61.33%

SSC
May 2016   84.40%

CONCEPTS

- Socket Programming
- Data structure
- AWS Billing
- SDLC
- Linux
- Database

EXPERIENCE

Software Engineer, *Sep21 - Present*
Tata Consultancy Services
- Successfully migrated two core Java-based applications from on-premises to AWS and Oracle SQL to AWS PostgreSQL.
- Developed a Java application using multi-threading techniques to copy data from one database to another, and that the application was used to automate the process for developers.
- Implemented new features and functionality for existing software products, resulting in increased performance and two down stream business satisfaction.
- Led the complete development life-cycle from requirements gathering to deployment with team of 4 members.
- Collaborated with 5 cross-functional teams, including product managers and operations to ensure successful delivery of software solutions.
- Developed a KSH shell script to automate the deployment process, resulting in a 30% reduction in deployment time.

Projects

Personal Portfolio using ChatGPT ⧉
- In collaboration with the power of React and the assistance of ChatGPT, I crafted a dynamic and engaging personal portfolio website that reflects my dedication to innovation and learning.
- Additional features like Dark theme and Switch color theme.

Attendance Management System with QR code Feature
- A desktop application which helps teachers to manage the attendance data of students and view the data using QR Code
- Application is developed using Python as Backend, Tkinter as UI, MySQL as Database

EXTRA - CURRICULARS

- Completed Elementary and Intermediate Drawing exam by Government of Maharashtra

- Participated in 2nd Senior National Cestoball Championship, Jointly Organised By : Cestoball Association of Punjab & Cestoabll Federation of India
